# Safety Data Sheet

Issuing Date Jan-31-2024

Revision Date Jan-22-2024

## 1. Identification of the Substance/Preparation and of the Company/Undertaking

Product Identifier	
Product Code	DAD 412
Product name	PINK ORCHID
Recommended use of	the chemical and restrictions on use
Synonyms	N/A
Supplier's details	
Recommended use	Industrial Use Only
Uses advised against	No Information Available
Details of the supplier	of the Safety Data Sheet
Dharma Trading Co.	
1805 South McDowell	Blvd. Ext.
Petaluma, CA 94954	15
Emergency Telephone	Number
Chemtrec: (800) 424-9	300
	2. <u>Hazards Identification</u>
<u>Classification</u>	
Skin corrosion/irritatio	
Serious eye damage/ey	ye irritation – Category 2
	EMERGENCY OVERVIEW
Signal word	
WARNING H315 – Causes skin irritation	
H319 – Causes serious eye irrita	ation
Appearance Red	Physical state Powder

**Precautionary statements** 

P310 – Immediately call a POISON CENTER or doctor/physician

P302+P352 – IF ON SKIN: Wash with plenty of soap and water

P321 – Specific treatment (see supplemental first aid instructions on this label)

P332+P313 – If skin irritation occurs: Get medical advice/attention

- P362 Take off contaminated clothing and wash before reuse
- P264 Wash face, hands and any exposed skin thoroughly after handling

P280 – Wear protective gloves/protective clothing/eye protection/face protection

int an P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P313 – If eye irritation persists: Get medical advice/attention

#### Hazards Not Otherwise Classified (HNOC)

#### **OTHER INFORMATION**

#### Unknown Acute Toxicity

100 percent of the mixture consists of ingredient(s) of unknown acute toxicity

## 3. Composition/Information on Ingredients

#### **Proprietary blend**

## 4. First Aid Measures

Eyes: Flush eyes with water for at least 15 minutes.

Skin: Wash with mild soap and water. If irritation occurs, get medical attention. If clothing is contaminated, remove and wash before re-use.

Inhalation: Move to fresh air.

Ingestion: Rinse mouth with water and drink plenty of water.

## 5. Fire Fighting Measures

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media Keep away from heat and sources of ignition

#### **Specific Hazards Arising from the Chemical**

No information available

## **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. Accidental release measures

**Personal Precautions** Avoid contact with the skin and the eyes. Use personal protective equipment. For personal protection see section 8. Ensure adequate ventilation.

#### **Environmental Precautions**

Prevent further leakage or spillage if safe to do so.

#### Methods and materials for containment and cleaning up

#### Methods for containment

Prevent further leakage or spillage if safe to do so.

#### Methods for cleaning up

Use personal protective equipment. Take up with sand or other non-combustible absorbent materials and place into containers for later disposal. Scrub spill area with detergent and flush with copious amounts of water.

## 7. Handling and Storage

### **Precautions for Safe Handling**

No special precautions anticipated. Wear all personal protective equipment as outlined in section 8 and avoid physical contact with material.

## 8. Exposure Controls/Personal Protection

#### **Control Parameters**

#### **Exposure guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

#### Exposure Controls

#### **Engineering Measures**

Showers

Eyewash stations

Ventilation systems. Apply technical measures to comply with the occupational exposure limits. Process enclosure and/or ventilation systems.

#### Individual protection measures, such as personal protective equipment

#### **Eye/Face Protection**

Tightly fitting safety goggles. Avoid contact with eyes. Eyewash fountains should be provided in areas where there is any possibility that workers could be exposed to the substances; this is irrespective of the recommendation involving the wearing of eye protection.

#### **Skin and Body Protection**

Wear protective gloves and protective clothing. Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

#### **Respiratory Protection**

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn.

#### **Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke when using this product. Remove and wash contaminated clothing before re-use. Regular cleaning of equipment, work are and clothing

is recommended. Wear suitable gloves and eye/face protection. Wash hands before breaks and immediately after handling the product. Wear personal protective equipment.

## 9. Physical and Chemical Properties

#### **Physical and Chemical Properties**

Physical and Chemical Properties			
Physical State	Powder		
Appearance	Red		
Odor	no information available		
<u>Property</u>	Values		
рН	No information available		
Melting point	No information available		
Boiling point/boiling r	range No information available		
Freezing point	No information available		
Evaporation rate	No information available		
Flammability (solid, ga	as) No information available		
Flammability limits in	air No information available		
-Upper flammability li	imit No information available		
-Lower flammability li	mit No information available		
Vapor pressure	No information available		
Vapor density	No information available		
Specific gravity	No information available		

## 10. Stability and Reactivity

## **Chemical stability**

Stable under recommended storage conditions

#### **Conditions to avoid**

No information available

#### **Incompatible materials**

No information available

#### Hazardous decomposition products

Burning will product oxides of carbon, nitrogen, and other potentially toxic fumes.

#### **Hazardous polymerization**

Will not undergo polymerization

#### **Conditions to avoid**

No information available

## 11. Toxicological Information

#### Information on toxicological effects

#### **Symptoms**

No information available

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization	No information available
Germ cell mutagenicity	No information available
Carcinogenicity	No information available
Reproductive Toxicity	No information available
Specific target organ systemic	No information available
Aspiration hazard	No information available

## 12. Ecological Information

#### Ecotoxicity

ANKS SINCE 1969 100% of the mixture consists of component(s) of unknown hazards to the aquatic environment

#### Persistence and degradability

No information available

#### Bioaccumulation

No information available

#### **Other adverse effect**

No information available

## **13.** Disposal Considerations

#### Waste treatment

#### Waste disposal methods

Should not be released into the environment. Dispose of in accordance with local regulations. This material, as supplied, is not a hazardous waste according to state and federal regulations (40 CFR 261).

#### **Contaminated packaging**

Do not re-use empty containers. Dispose of in accordance with local regulations.

## 14. Transport Information

**DOT** – NOT REGULATED IATA - NOT REGULATED **IMDG/IMO REGULATION** - NOT REGULATED DOT HAZARD CLASS - NON-HAZARDOUS **DOT CLASSIFICATION – NON-HAZARDOUS MATERIAL COMMODITY CLASS** – INK-RELATED MATERIAL

## 1. Identification of the Substance/Preparation and of the Company/Undertaking

Issuing Date Jan-3	1-2024 Revision Date Jan-22-2024
1. <u>Ider</u>	ntification of the Substance/Preparation and of the Company/Undertaking
Product Identifier	
Product Code	DAD 416
Product name	PEACOCK BLUE
Recommended use o	of the chemical and restrictions on use
Synonyms	N/A
Supplier's details	
Recommended use	Industrial Use Only
Uses advised against	No Information Available
Details of the supplier	r of the Safety Data Sheet
Dharma Trading Co.	
1805 South McDowell	l Blvd. Ext.
Petaluma, CA 94954	15
Emergency Telephone	e Number
Chemtrec: (800) 424-9	9300
	6 . 5
	2. Hazards Identification
<u>Classification</u>	
Acute toxicity (oral) - Category Skin corrosion/irritation – Cate	
Skin conosion/initiation – Cale	-BOLA 7

Serious eye damage/eye irritation – Category 2 Specific target organ toxicity - Single exposure, Category 3 (respiratory tract irritation)

#### **Precautionary statements**

P310 – Immediately call a POISON CENTER or doctor/physician

P302+P352 – IF ON SKIN: Wash with plenty of soap and water

P321 – Specific treatment (see supplemental first aid instructions on this label)

P332+P313 – If skin irritation occurs: Get medical advice/attention

- P362 Take off contaminated clothing and wash before reuse
- P264 Wash face, hands and any exposed skin thoroughly after handling

P280 – Wear protective gloves/protective clothing/eye protection/face protection

int an P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P313 – If eye irritation persists: Get medical advice/attention

#### Hazards Not Otherwise Classified (HNOC)

#### **OTHER INFORMATION**

#### Unknown Acute Toxicity

100 percent of the mixture consists of ingredient(s) of unknown acute toxicity

## 3. Composition/Information on Ingredients

#### **Proprietary blend**

## 4. First Aid Measures

Eyes: Flush eyes with water for at least 15 minutes.

Skin: Wash with mild soap and water. If irritation occurs, get medical attention. If clothing is contaminated, remove and wash before re-use.

Inhalation: Move to fresh air.

Ingestion: Rinse mouth with water and drink plenty of water.

## 5. Fire Fighting Measures

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media Keep away from heat and sources of ignition

#### **Specific Hazards Arising from the Chemical**

No information available

## **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. Accidental release measures

**Personal Precautions** Avoid contact with the skin and the eyes. Use personal protective equipment. For personal protection see section 8. Ensure adequate ventilation.

#### **Environmental Precautions**

Prevent further leakage or spillage if safe to do so.

#### Methods and materials for containment and cleaning up

#### Methods for containment

Prevent further leakage or spillage if safe to do so.

#### Methods for cleaning up

Use personal protective equipment. Take up with sand or other non-combustible absorbent materials and place into containers for later disposal. Scrub spill area with detergent and flush with copious amounts of water.

## 7. Handling and Storage

### **Precautions for Safe Handling**

No special precautions anticipated. Wear all personal protective equipment as outlined in section 8 and avoid physical contact with material.

## 8. Exposure Controls/Personal Protection

#### **Control Parameters**

#### **Exposure guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

#### Exposure Controls

#### **Engineering Measures**

Showers

Eyewash stations

Ventilation systems. Apply technical measures to comply with the occupational exposure limits. Process enclosure and/or ventilation systems.

#### Individual protection measures, such as personal protective equipment

#### **Eye/Face Protection**

Tightly fitting safety goggles. Avoid contact with eyes. Eyewash fountains should be provided in areas where there is any possibility that workers could be exposed to the substances; this is irrespective of the recommendation involving the wearing of eye protection.

#### **Skin and Body Protection**

Wear protective gloves and protective clothing. Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

#### **Respiratory Protection**

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn.

#### **Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke when using this product. Remove and wash contaminated clothing before re-use. Regular cleaning of equipment, work are and clothing

is recommended. Wear suitable gloves and eye/face protection. Wash hands before breaks and immediately after handling the product. Wear personal protective equipment.

## 9. Physical and Chemical Properties

#### **Physical and Chemical Properties**

Physical and Chemical Properties			
Physical State	Powder		
Appearance	Blue		
Odor	no information available		
<u>Property</u>	Values		
рН	No information available		
Melting point	No information available		
Boiling point/boiling r	range No information available		
Freezing point	No information available		
Evaporation rate	No information available		
Flammability (solid, ga	as) No information available		
Flammability limits in	air No information available		
-Upper flammability li	mit No information available		
-Lower flammability li	mit No information available		
Vapor pressure	No information available		
Vapor density	No information available		
Specific gravity	No information available		

## 10. Stability and Reactivity

## **Chemical stability**

Stable under recommended storage conditions

#### **Conditions to avoid**

No information available

#### **Incompatible materials**

No information available

#### Hazardous decomposition products

Burning will product oxides of carbon, nitrogen, and other potentially toxic fumes.

#### **Hazardous polymerization**

Will not undergo polymerization

#### **Conditions to avoid**

No information available

## 11. Toxicological Information

#### Information on toxicological effects

#### **Symptoms**

No information available

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization	No information available
Germ cell mutagenicity	No information available
Carcinogenicity	No information available
Reproductive Toxicity	No information available
Specific target organ systemic	No information available
Aspiration hazard	No information available

## 12. Ecological Information

#### Ecotoxicity

ANKS SINCE 1969 100% of the mixture consists of component(s) of unknown hazards to the aquatic environment

#### Persistence and degradability

No information available

#### Bioaccumulation

No information available

#### **Other adverse effect**

No information available

## **13.** Disposal Considerations

#### Waste treatment

#### Waste disposal methods

Should not be released into the environment. Dispose of in accordance with local regulations. This material, as supplied, is not a hazardous waste according to state and federal regulations (40 CFR 261).

#### **Contaminated packaging**

Do not re-use empty containers. Dispose of in accordance with local regulations.

## 14. Transport Information

**DOT** – NOT REGULATED IATA - NOT REGULATED **IMDG/IMO REGULATION** - NOT REGULATED DOT HAZARD CLASS - NON-HAZARDOUS **DOT CLASSIFICATION – NON-HAZARDOUS MATERIAL COMMODITY CLASS** – INK-RELATED MATERIAL

	2. Hazards Identification
Classification	18-
Skin corrosion/irritation – Cate	egory 2
Serious eye damage/eye irritat	tion – Category 2
5.000	EMERGENCY OVERVIEW
Signal word	
WARNING	
H315 – Causes skin irritation	
H319 – Causes serious eye irritation	
	$\bullet$
Appearance Brown	Physical state Powder

**Precautionary statements** 

P310 – Immediately call a POISON CENTER or doctor/physician

P302+P352 – IF ON SKIN: Wash with plenty of soap and water

P321 – Specific treatment (see supplemental first aid instructions on this label)

P332+P313 – If skin irritation occurs: Get medical advice/attention

- P362 Take off contaminated clothing and wash before reuse
- P264 Wash face, hands and any exposed skin thoroughly after handling

P280 – Wear protective gloves/protective clothing/eye protection/face protection

int an P305+P351+P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P313 – If eye irritation persists: Get medical advice/attention

#### Hazards Not Otherwise Classified (HNOC)

#### **OTHER INFORMATION**

#### Unknown Acute Toxicity

100 percent of the mixture consists of ingredient(s) of unknown acute toxicity

## 3. Composition/Information on Ingredients

#### **Proprietary blend**

## 4. First Aid Measures

Eyes: Flush eyes with water for at least 15 minutes.

Skin: Wash with mild soap and water. If irritation occurs, get medical attention. If clothing is contaminated, remove and wash before re-use.

Inhalation: Move to fresh air.

Ingestion: Rinse mouth with water and drink plenty of water.

## 5. Fire Fighting Measures

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media Keep away from heat and sources of ignition

#### **Specific Hazards Arising from the Chemical**

No information available

## **Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## 6. Accidental release measures

**Personal Precautions** Avoid contact with the skin and the eyes. Use personal protective equipment. For personal protection see section 8. Ensure adequate ventilation.

#### **Environmental Precautions**

Prevent further leakage or spillage if safe to do so.

#### Methods and materials for containment and cleaning up

#### Methods for containment

Prevent further leakage or spillage if safe to do so.

#### Methods for cleaning up

Use personal protective equipment. Take up with sand or other non-combustible absorbent materials and place into containers for later disposal. Scrub spill area with detergent and flush with copious amounts of water.

## 7. Handling and Storage

#### **Precautions for Safe Handling**

No special precautions anticipated. Wear all personal protective equipment as outlined in section 8 and avoid physical contact with material.

## 8. Exposure Controls/Personal Protection

#### **Control Parameters**

#### **Exposure guidelines**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

#### Exposure Controls

#### **Engineering Measures**

Showers

Eyewash stations

Ventilation systems. Apply technical measures to comply with the occupational exposure limits. Process enclosure and/or ventilation systems.

#### Individual protection measures, such as personal protective equipment

#### **Eye/Face Protection**

Tightly fitting safety goggles. Avoid contact with eyes. Eyewash fountains should be provided in areas where there is any possibility that workers could be exposed to the substances; this is irrespective of the recommendation involving the wearing of eye protection.

#### **Skin and Body Protection**

Wear protective gloves and protective clothing. Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

#### **Respiratory Protection**

If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn.

#### **Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke when using this product. Remove and wash contaminated clothing before re-use. Regular cleaning of equipment, work are and clothing

is recommended. Wear suitable gloves and eye/face protection. Wash hands before breaks and immediately after handling the product. Wear personal protective equipment.

## 9. Physical and Chemical Properties

#### **Physical and Chemical Properties**

Physical and Chemical Properties			
Physical State	Powder		
Appearance	Brown		
Odor	no information available		
<u>Property</u>	<u>Values</u>		
рН	No information available		
Melting point	No information available		
Boiling point/boiling r	range No information available		
Freezing point	No information available		
Evaporation rate	No information available		
Flammability (solid, ga	as) No information available		
Flammability limits in	air No information available		
-Upper flammability li	imit No information available		
-Lower flammability li	imit No information available		
Vapor pressure	No information available		
Vapor density	No information available		
Specific gravity	No information available		

## 10. Stability and Reactivity

#### **Chemical stability**

Stable under recommended storage conditions

#### **Conditions to avoid**

No information available

#### **Incompatible materials**

No information available

#### Hazardous decomposition products

Burning will product oxides of carbon, nitrogen, and other potentially toxic fumes.

#### **Hazardous polymerization**

Will not undergo polymerization

#### **Conditions to avoid**

No information available

## 11. Toxicological Information

#### Information on toxicological effects

#### **Symptoms**

No information available

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization	No information available
Germ cell mutagenicity	No information available
Carcinogenicity	No information available
Reproductive Toxicity	No information available
Specific target organ systemic	No information available
Aspiration hazard	No information available

## 12. Ecological Information

#### Ecotoxicity

ANKS SINCE 1969 100% of the mixture consists of component(s) of unknown hazards to the aquatic environment

#### Persistence and degradability

No information available

#### Bioaccumulation

No information available

#### **Other adverse effect**

No information available

## **13.** Disposal Considerations

#### Waste treatment

#### Waste disposal methods

Should not be released into the environment. Dispose of in accordance with local regulations. This material, as supplied, is not a hazardous waste according to state and federal regulations (40 CFR 261).

#### **Contaminated packaging**

Do not re-use empty containers. Dispose of in accordance with local regulations.

## 14. Transport Information

**DOT** – NOT REGULATED IATA - NOT REGULATED **IMDG/IMO REGULATION** - NOT REGULATED DOT HAZARD CLASS - NON-HAZARDOUS **DOT CLASSIFICATION – NON-HAZARDOUS MATERIAL COMMODITY CLASS** – INK-RELATED MATERIAL

## **15. Regulatory Information**

#### **RESCTRICTIONS – REACH TITLE VIII** No information available

#### **US Federal Regulations**

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### SARA 311/312 Hazard Categories

Acute health hazard	No
Chronic health hazard	No
Fire hazard	No

Sudden release of pressure hazard	No
Reactive hazard	No

#### **Clean Water Act**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

#### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local CLOTHING BLANKS regional, or state level pertaining to releases of this material

#### **US State Regulations**

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals

US State Right-to-Know Regulations

#### International regulations

#### **CANADA**

#### WHMIS Note

Non-controlled

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.
